MOTION: TO APPROVE THE 07/09/09 MINUTES AS WRITTEN [CL], SECOND [EE];

APPROVED: unanimous

3. Roosevelt Addition Historic District Preservation Guidelines

Presentation of draft by Don Ryden, Ryden Architects, Inc.

- Notes from staff / HPC from last visit facilitated to Ryden
- Document needs to be from the position of the home owner; more user-friendly
- Current draft has a simpler chapter outline, reducing from 14 to 7 chapters
- Also addressed how to approach project; how to label it – vocabulary is very important
- 15th Avenue + Thomas Road has Roosevelt-like neighborhood with major remodeled homes to use as illustrative range of remodel options to address scale, materials, windows, landscape, etc
- New 'Contents' outline = pages for 'windows', 'exterior walls' then details cosmic truths with treatment options; Sec Interior's Standards for stabilization, preservation, restoration, rehabilitation
- Also includes narrative to preserve, repair, replace, design for missing
- Q: Do we have reference the City Ordinance? A: Yes, but the #'s don't refer to Ordinance
- 'Policy Basis' has language on process
- Flow chart needed as road map for home owner to navigate the process
- Range of home owner activity includes: carport addition / infill, satellite dish, room addition [rear, front, side, 2-story], landscape treatments, bike corral / dumpster / recycler, solar / sustainability hardware, sheds, guest houses, windows / doors / security features, exterior surface treatments, front courtyard / sitting area, re-roofing, perimeter fences, driveways / paving / sidewalks
- 'Rightful Rehab Reference' matrix [included in DGs] = what you want to do cross-referenced with appropriate sections
- Use good examples / photos from Roosevelt Addition; bad from non-Tempe neighborhoods
- C: Add note of congratulations to home owner to reinforce pride / sense of ownership / pride in keeping home / stewardship as HP owner

- Q: Move 'Neighborhood Character' section immediately before/after intro as 'hook'? A: Yes, Congrats up front, then character, then intro, process, flow chart. 'adverse reciprocity of advantage'
- Immediate intrinsic value must be spelled out
- DGs seen as 'Change Management' document vs. description of prohibition
- C: Use sketches over photos; distill NRN section on historic significance / Period of Significance
- We live differently today than when they were built; homes need to be adaptable + compatible with 21st Century
- Point is to make a remodel work for property owner, not to be arbitrators of taste / style
- Q: Add appendix with suggestions of approved vendors? A: No. City cannot do that.
- C: Add list of talking points for new neighbors
- C: Flood irrigation need to be mandatory
- C: Write document in the 'active tense' vs. 'past tense'
- Final Draft due to City staff Monday, Sept. 14; RAHD Neighborhood Meeting @ Westside Community Center on Tuesday, Sept. 22

4. Discuss and Consider Tempe Preservation Plaque Program

Commission direction on providing tangible recognition of historic properties and districts

- 'Historic District' street sign now installed for each district
- \$3K allocated to begin historic properties plaque program – distinction for properties contributing to a district vs. non-contributing
- Order of installation? City-owned or private first?
- Consensus to design + install in reverse order of designation to the THPR
- Consensus to focus on individual properties first, address contributing properties within a district second
- City should subsidize / cover cost of plaques for contributing properties
